GATES AND ENTRANCES

The Surrey Field Gate

AWP-G01 | PRODUCT INFORMATION | ISSUE 01

Representative product or construction image. Final details are confirmed with the quotation.

PRODUCT OVERVIEW

A traditional five-bar oak field gate for estate routes, farms, paddocks and rural entrances, manufactured to order.

TYPICAL PRODUCT INFORMATION

NOMINAL WIDTHS	4ft to 16ft in 1ft increments
TIMBER	Oak; species and stated origin confirmed in the quotation
CONSTRUCTION	Mortise-and-tenon joints secured with timber dowels
IRONMONGERY	Selected for the gate weight, exposure and expected use
SUPPLY	Supply only, delivery or managed installation

MAINTENANCE AND REPAIR

Inspect hinges, latches, posts, clearances and drainage periodically. Suitable hardware and timber components can be adjusted, repaired or replaced individually where practical.

AVAILABLE OPTIONS

- Gate width, height and handing
- Oak posts and post arrangement
- Hinges, latches, stops and closing hardware
- Finish and weathering preference
- Single, quantity and repeat orders

INFORMATION THAT HELPS US QUOTE

- Clear opening at the top, middle and bottom
- Approximate gate height and photographs from both sides
- Ground levels and the full swing area
- Existing posts, walls or piers to be retained
- Use, frequency, access and installation requirements

MATERIALS AND MANUFACTURE

British-grown timber is preferred where suitable, available and commercially practical. The quotation confirms the proposed species, stated origin, fixings, finish and supply or installation scope.

IMPORTANT

This sheet is preliminary product information, not a final technical specification. Dimensions, materials, price and scope are confirmed in Albion's written quotation.
