SIGNAGE AND WAYFINDING

The Shere Fingerpost

AWP-S01 | PRODUCT INFORMATION | ISSUE 01

Representative product or construction image. Final details are confirmed with the quotation.

PRODUCT OVERVIEW

A timber post with one directional arm for paths, entrances and simple route decisions, made around the wording and site position.

TYPICAL PRODUCT INFORMATION

ARRANGEMENT	One directional arm mounted to a timber post
DIMENSIONS	Post and arm sizes set around wording, viewing distance and site
TIMBER	Oak or another suitable exterior timber as specified
LETTERING	Wording, direction, artwork and method approved before manufacture
FIXING	Below-ground or surface fixing assessed for the location

MAINTENANCE AND REPAIR

Inspect the post, ground fixing, arm connection, lettering and finish periodically. A damaged or outdated arm can often be replaced without renewing a sound post.

AVAILABLE OPTIONS

- Direction and viewing angle
- Lettering, symbols and approved artwork
- Post height and arm proportions
- Finish and site identity details
- Additional signs for a coordinated scheme

INFORMATION THAT HELPS US QUOTE

- Exact wording and direction of the arm
- Site photograph and approach direction
- Required symbols, colours or identity details
- Ground conditions and preferred fixing method
- Quantity, delivery and installation requirements

MATERIALS AND MANUFACTURE

British-grown timber is preferred where suitable, available and commercially practical. The quotation confirms the proposed species, stated origin, fixings, finish and supply or installation scope.

IMPORTANT

This sheet is preliminary product information, not a final technical specification. Dimensions, materials, price and scope are confirmed in Albion's written quotation.
